

**OHIO DISCIPLES OUTREACH**

**% METHOD**

This only effects the DMF \$ amount.

If you are giving to other concerns you must write in the

**actual \$** amount you are contributing to that area.

To use the % method mark an "X" on your remittance form like so:

**I. Disciples Mission Fund** % method  X  actual \$ method \_\_\_\_\_

and write in the amount on your form as follows:

**DMFund** \$ \_\_\_\_\_

What Happens???

This \$ amount will automatically be split up using the following %:

DMF	69.710%
Ohio Designated	6.000%
Inner City	1.300%
New Church	10.300%
Camp Christian	5.400%
OH Council of Churches	0.610%
Seminary	4.370%
Ministerial Relief	2.310%
	<hr/>
	100.000%

These percentages will be used if you use the % method for your DMF giving  
If your congregation wants to figure a different %  
You would then use the actual \$ method and you would then have to put  
each \$ amount that you want to give on their respective lines

**PLEASE NOTE:** if you have selected % method for DMF and you put a \$ figure  
in lets say Ohio Designated when you receive your receipt OH Designated will  
include the % from DMF plus the actual \$ amount you wrote on your form

When Church Finance Council Receives our report all DMF money received will then be  
split 45% ALL Regionals, 45% General Ministries, and 10% higher education for 2003

From the 45% that goes to all regions each region will receive a percentage to be  
determined later.
